

Company Overview

Dr. Connection Benefits, LLC (DrCB) is a National & International Telemedicine expert, consultant and wholesale reseller through the most notable telemedicine providers available in the US.

DrCB provides our customers the most competitive wholesale, retail, employer paid and embedded Telemedicine pricing available through the largest telemedicine providers in the US. With our extensive knowledge and expertise, our goal is to develop a telemedicine solution that delivers the customization needs for every customer, assuring the ultimate desired plan design.

DrCB currently provides Telemedicine solutions to Major Medical Carriers, Insurance Companies, HealthCare Systems, Employers, Credit Unions, Associations, Banks, Fraternal Organizations, Telemarketers, Internet Marketing Affiliates & Direct to Consumers through our Telemedicine Partners: TelaDoc and MDLive.

DrCB can also deliver a Telemedicine Solution that allows for the lease or purchase of the telemedicine technology giving a organization the ability to populate the platform with their own proprietary network of physicians.

Our Mission

To provide Customized Telemedicine Plan Designs and Pricing based solely on the healthcare needs and financial objectives of our clients.

Common Questions and How to Enroll

Is there a minimum age requirement?

Yes. Excluding dependents or secondary members, the primary member/account holder must be 18 years of age or older. A guardian may conduct a consultation on behalf of an underage dependent as long as they are listed on the account.

I have a pre-existing condition. Will I still be accepted?

Yes. We accept all patients regardless of a pre-existing condition! We will never deny quality healthcare to anyone. Additionally, members with pre-existing conditions pay the same monthly membership fee and consult fees as everyone else.

Can I get a consultation after hours or on weekends/holidays?

Yes. Physicians are available 24/7/365.

Are there any restrictions on the amount of times I can consult with a doctor?

As often as you need! There are no restrictions to how often you can contact our physicians.

How do I request a consultation?

After registering, members can access our physicians either by visiting www.consultadr.com and logging into their account to email a doctor or schedule a consult or simply by calling the number provided in your enrollment kit.

Are there any limitations as to what can be prescribed?

A physician has the ability (if medically appropriate) to prescribe a wide range of products. These include, but are not limited to, drugs such as antibiotics, antihistamines and maintenance medicines. Our physicians do not prescribe medications regulated by the Drug Enforcement Agency or those that pose a potential for abuse or addiction. And, the physicians do not prescribe lifestyle drugs.

How do I enroll?

You can easily enroll online (www.drcbtelemed.com/signin/registerAccount.aspx) by selecting the service desired or contact your Sales Associate . Make sure you select your Sales Associate when enrolling online.

DrCB TELEMEDICINE SOLUTIONS

Choose the plan below that fits you

What is DrCB telemedicine?

DrCB Telemedicine is a patient-centered solution that leverages technology to securely connect members via phone, email or video with a national network of U.S. board-certified physicians who are available 24 hours a day, 365 days a year, allowing you to conveniently access quality care from your home, work or on-the-go as opposed to more expensive and time-consuming alternatives like the doctors office, urgent care or emergency room for non-emergency illnesses.

Why Telemedicine?

It's Fast. No more waiting rooms with sick people, no driving and no babysitter. Connect with a doctor from anywhere at anytime. Average call back less than 30 min.

It's Convenient. Get care while traveling, at work or at home. Just a call or click away 24/7, 365 days a year.

It's Affordable. Telemedicine costs less than traditional office visits and avoids the expense of travel.

It's Easy. Our process is simple, secure and electronically maintains your medical history.

It's Reliable. Telemedicine doctors are all U.S. based and licensed.

Included. Electronic Health Record (EHR) which stores your personal health information securely online. This allows one to keep their medical history current and share with other health care providers.
